the services will be provided to

all foreigners who:

- have a valid permanent or long-term residence and
- come from non-EU countries (the so-called “third countries”)

Our services are provided free of charge. Services of an interpreter may be arranged if need be.

the services are provided at the following sites:

All the above mentioned services will be provided in particular in our Centre at Tř. Kosmonautů in Olomouc. We are ready to organize the courses and provide the consulting at other places within the Olomouc Region upon mutual agreement if you are interested.

social consulting

We are ready to advise you and assist you in the following fields in particular:

- residence requirements
- social support and benefits (social security benefits)
- healthcare and health insurance
- housing
- labour market
- education and school system
- dealing with life events – birth of a child, marriage, death of a relative
- filling in forms, arrangement of a company for dealings with the authorities.

Social consulting is provided either through the Centre's social workers or through contractually hired persons. The Centre's activities include two social services – professional social consulting (held directly in the Centre) and field programmes (executed within the whole region).

legal consulting

Lawyers attend the Centre at determined hours with whom you may consult in particular the following:

- residence and visa issues
- labour law relationships
- family issues
- debts and executions

The information about the specific days and hours during which we provide legal consulting is available in the Centre or at www.integracnicentra.cz. We recommend ordering a session in person or by phone to avoid waiting.

social and cultural courses

- you will learn basic information about the Czech Republic
- the topics concern e.g. tax returns, A1 exams in the Czech language, visits to the doctor, Czech traditions and customs or leisure time activities
- you may also come with the topics you would like to discuss

Simple examples will be given and model situations simulated in which you will be able to test your reactions in everyday situations such as communication with local people, shopping, ordering meals in restaurants, travelling around the Czech Republic etc. You will learn more about Czech history, traditions and festivals.

Czech language courses

BASIC

- for those of you who speak minimum Czech
- may be attended just from time to time
- you do not have to register yourself in advance

You will learn to make yourself understood in basic situations such with the doctor, in contact with the authorities, in shops etc.

INTENSIVE

- for those of you who already speak some Czech; the teacher will place you in the most appropriate course
- the individual lessons are related and have to be attended regularly
- you have to register yourself in advance as the number of places is limited

You will communicate more easily in more difficult situations, e.g. during a job interview. We may help you to prepare yourself for the respective language exams.

Internet point and library

- you may enjoy free access to the Internet, e.g. to the current job or housing offers
- there are newspapers and magazines in the English, French, Russian, Ukrainian, Vietnamese and Chinese languages in the library at your disposal

If you do not know how to use a computer or the Internet, we will be happy to instruct you how to do it.

educational events

We organize and arrange lectures and educational events determined both for the children and the youth and the wide public or professionals.

We organize these events in cooperation with schools, barrier-free facilities for the children and the youth and other organisations.
